BELGORAIL moves under the CERTIFER brand name and logo

By bringing together several of its subsidiaries under a common identity, CERTIFER is strengthening its position and image as an international group

Since its foundation in June 2004, BELGORAIL has witnessed a rapid development, becoming a significant actor in the railway and mobility sector, both nationally and internationally.

In 2017, BELGORAIL joined CERTIFER Group, a leader in the testing, inspection and certification of railway transportation, mobility, and special equipment. During the last years, BELGORAIL has been working with the CERTIFER companies to share their expertise and skills and to make their management systems converge.

We are pleased to inform you that, from the 19th of October 2021, BELGORAIL will provide its services under the logo and the trademark of "CERTIFER".

This change will reflect our ability to provide high quality integrated services worldwide, benefiting from the experience and best practices of all Group companies.

We keep our local organisation, accreditations, and recognitions, which will allow us to ensure continuity of service.

To reflect this evolution, we have decided to modify the legal name of our company by **CERTIFER BELGORAIL SA**.
